Re: **Olin Property, Wilmington, Massachusetts**

Dear Ms. Johnson Ball:

See Attached

PLEASE HELP OUR TOWN!!

Sincerely,

Gino Cusumano

012347

My family begs you to not allow the trans rail project to move forward in Wilmington, Ma. We are still dealing with the fact that the Olin plant is contaminated and who knows what consequences we residence will have to pay if that area is not cleaned up. The other problem is This is a quiet community, adding all those trucks, even if in the middle of the night will make for a very noisy town.

If this project moves forward it would be terrible for our community, everyone I spoke with thus far is Against this project. Not to mention our home values going down. Further more we all have small children, I don't want to find out years from now that the Olin plant was contaminated AGAIN. Wilmington already has a reputation of a high cancer town, lets not add more contamination to our area.

Thank you in Advance.
