Dear Mr. Navecky:

I wrote to you on May 13th of 2008 about this project. It was my understanding that your office was going to have public hearing on this project between Thanksgiving and the New Year. I have read nothing in the newspaper about any hearing on this project.

I know of a few hundred or more people who would like to go to this "public hearing". Does your office have a hearing scheduled?

Please keep me informed of any activity on this railroad project.

Thank you for your help.

Regards,

Ray G. Debenham
