Transcript:

This is in regard to Docket No. FD35087. This is going to hugely impact our community and neighborhoods and we would prefer not to have this approved. Currently, there are approximately 17,500 students that transport between 7 schools which are within 1/2 mile radius of two rail tracks which is going to be affected with additional traffic, that is the Ogden Rail Track and the Montgomery. So being a resident of this area, I would strongly request that the board consider not increasing the traffic by approving the Candian National to purchase these trains which is going to impact in higher traffic. If you need to contact me, my number is 630/898-2085.
