

El- 20623

Rec'd 11/18/14

Ref: FD 35523

Seymour is too small  
a town for 13 more  
trains (which is  
3X now), 49 MPH  
(which is 3X the 15 MPH  
now) and 7500 ft  
compared to 5100 ft.  
now. We won't be  
able to cross town  
as it's hard at times  
now.

Those that live near  
tracks will have a  
big increase in  
noise.

I vote no.
