Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: _____

My name is Amy Grenchik and I was born and raised in Frankfurt. My husband and I recently purchased a home here to be close to family but also hoping to one day raise our children here. We chose Frankfurt because of its small town charm, excellent schools & proximity to both of our families. I cannot express the level of disappointment/~~to~~ frustration that I felt when I found out Canadian National was looking to purchase EJ+E and the increase in the number of daily trains that would result. I understand business is business and that the executives of both CN & EJ+E are looking out for their best interests. However, when so many people's lives and potential property value, traffic congestion, noise, etc. will be impacted by this acquisition I can't comprehend how in good conscience the executives could continue to pursue this option.
