Submission Text

To Whom It May Concern (Mr. Blodgett), I'm writing to urge the STB to not approve TRRC's proposal for construction of the rail-line for the Otter Creek Coal Tract(s). Earlier this week the Northern Cheyenne Tribal Council voted 9-0 to oppose the Tongue River Railroad. In addition to this vote it's well known that the Cultural/Historic Site Survey (sorry I don't know the proper/exact terminology) of the proposed route failed to identify dozens of sites that would be impacted by the TRR. As a concerned citizen & Montanan I'm urging you to listen to the thousands of other folks that have voiced their opposition to TRRC. Thank you for the opportunity to express my opposition. Sincerely, TCM
