Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

As both a resident & worker in the town of Barrington, I adamantly oppose this transaction. The amount of time spent even today on waiting for trains is immense.

My son rides his bike to school & crosses these tracks daily. We can not leave our home & travel in any direction without crossing the tracks.

HR6709 legislation is critical and I urge congress to pass this.

CN should not be allowed to threaten lawsuits in order to push this sale through to meet their time frame. STB has an obligation to fully & completely finish their investigation & studies. Only then will all parties realize the negative impact this will have on so many communities

YOUR INPUT IS IMPORTANT!
