Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/29/08

Comments must be submitted by September 30, 2008.

I attended the meeting 8/27/08 in Barrington!

My impression was that the speakers were very well prepared and presented very logical and substantiated information concluding that the proposal would be a major mistake if it were approved.

Quality of life would be changed for residents of this area and the safety compromises cannot be justified.

The tracks go right through the heart of our village. We live with the relatively little inconvenience that the railroads pose for us today. But... major rail traffic, the resultant noise level, traffic delays, pollution increased and major revenue loss due to home depreciation or tax loss is unacceptable.

Please do not allow this proposal to be approved

YOUR INPUT IS IMPORTANT!
