I am very opposed to this railroad merger, I think it's just going to make more congestion around here and it's grown so much since the time we've been here. Also, I don't want all the noise of these trains. I used to live in a suburb where we had a lot of trains and we moved here to get away from them. I hate to see it start up around here. I can hear the trains at night sometimes as it is and um, I really think this is unfair that they want to put this uh in our neighborhood and just to uh increase their traffic into the city. So, that's my opinion. and uh I hope there are others and that this is not, does not go through. Thank you
