

To: Great Lakes Basin Transportation, Inc

As you can see the split, there is no access to the back of the farm. Going at an angle across the farm creates point rows which is difficult to farm.

If you buy the right-of-way thru my farm, you'll have to buy the whole farm (92 acres), as you are disrupting my farm operation.

Also, where I live the noise from the trains is bad enough without adding to it. You may have to purchase it too (32 acres plus my business)
