

OPPOSED TO THE GLBT

To whom it may concern,

Eminent domain can not be used for a project that the majority of the tax payers is not going to approve and the fact that no one has provided an absolute need or a major pro to this project. There for I will not be supporting this project and hope that a vote will be cast for even the consideration of wasting tax dollars. Also if eminent domain will not pay above assessed market value I don't know how they can promise to be paying double. Even if the lie was true that they would be paid double for their land everyone knows that most of the time the fair market value is much lower then the actual value of the property as the city keeps raising the tax rates and exchange have to lower the property values.

I am not for this project.

Sincerely

Nicole Haas
