AB-167-1189-X Preserve the Embankment

I support, strongly support, preserving
the structure & right of way for
the 6th Street Embankment. The
history of railroads is inextricably
tied to the history of Downtown
Jersey City, and this showcases it beautifully.
The structure itself serves as a
natural & perfect barrier between Harsimus
Cove & Hamilton Park that people
recognize.

Dear Members of the Board,

I am writing to urge
you to preserve the
entire historic Harsimus
Branch for public
uses that preserve its
significance, including
rail, trail and open
space.

It's a shame that such
a significant historical
resource has not been
activated for the community
as yet. Let's make the change
now and preserve the 150yr
Harsimus Branch + even
develop it as a new highlight
in Jersey City.
