Subject: Canadian National Railway's plans to purchase the EJ&E line

Allowing Canadian Railway's plans to purchase the EJ&E, which will run up to 20 trains through the heart of the Village of Barrington, will create numerous problems that will destroy Barrington. The amount of train traffic planned by CNR will paralyze our community traffic all day, create major medical and safety situations, cause loss of tax revenue, destroy the character of Barrington and destroy property values. The effect of this heavy traffic will also create major traffic problems for neighboring towns and create a very serious regional nightmare.

I urge the Board to reject the purchase of the EJ&E by CNR.

Sincerely

Richard J. Morino
