I am in receipt of your letter dated February 28, 2020 relative to a proposed railroad construction in Fulton County, KY. This is to advise you that I am aware of no environmental policies or issues regulated by Fulton County Fiscal Court which proposes any issues with this project. The only requirement Fulton County Fiscal Court will have is a permit to construct rail crossings on county roads. It appears the alignment presented on the Preferred Route Map will cross one county road and we will require a review of the construction of that crossing. If I can be of further assistance in this matter, please don't hesitate to let me know. Fulton County Fiscal Court supports the construction of this project.
