Comment is in a negative position for this acquisition. Being a long time resident also with children travelling, aslo being a past board member in negotiating contracts for police coverage among municipalities, townships, county, also negotiating fire contracts, insurance ratings, etc. This program is not in the benefit of this area. It will create massive problems on traffic, as you've already heard. I guess I will shorten my comments up. After going through using a reasonalbe consideration set of...(line cuts out).
