City Lake Barrington

State IL Zip 60010

Transcript:

I was just calling on the EJ&E. It is definitely a problem that would be created in our area. We have a lot of crossings and the freights being over 2 miles long would close 1 to 2 crossings at a time. We have a beautiful hospital, Good Sheppard, in our area, and it would be a shame for some poor individual not to be able to receive treatment or possibly die because of a train stoppage or whatever the case may be. I am aware that there is a problem in Chicago, but transferring the problem from one end of the City to the next end of the City is not alleviating the problem--it is just creating a new problem for thousands of other people in our area. Your consideration is appreciated and we'll go from there. Thank you for your time.
