The Honorable Anne K. Quinlan, Esq.
Acting Secretary
Surface Transportation Board
395 E Street, SW
Washington, DC 20423

Subject: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan:

I have lived in Harvey for 22 years and have frequently experienced the effects of the train congestion in terms of the traffic back-ups. I support the proposal by CN Railway to acquire a portion of the Elgin, Joliet & Eastern line and reroute many of CN's freight trains away from Harvey onto these less congested tracks. This change will help reduce the railway congestion that has impacted this community for a long time.

When traffic is backed up due to freight trains, sometimes one cannot turn the car around, let alone find an alternate route. Worse, traffic can be backed up for 15-30 minutes at a time and the trains will even stop on the tracks. The railway congestion is a problem that needs to be corrected. As residents, we have been dealing with this for way too long.

Please support CN's proposal, which will be a positive change for the community as well as the railways. Reducing train congestion is important, and I hope you will give your approval to this proposal.

Sincerely,

A handwritten signature in cursive script, appearing to read "Alice Falkner".
