The Honorable Anne K. Quinlan, Esq.
Acting Secretary
Surface Transportation Board
395 E Street, SW
Washington, DC 20423

Subject: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan:

Something should be done about the heavy congestion of train traffic in the Chicago area. CN Railways is planning to relieve this problem, but it requires your authorization to purchase the EJ&E rail line in order for them to reroute the much of their freight traffic that is currently congesting Chicago's railways. I strongly urge you give this project an opportunity to succeed.

The freight train congestion is very annoying. There always seems to be train induced traffic tie-ups wherever I drive, and even at home, I cannot escape it as the trains go right by my house. Considering the soaring price of gas and how many drivers are stuck idling at crossings for an extended period of time using up this gas, we really need to address this problem. Please give CN's solution the chance it deserves. Thank you.

Yours Truly,

Dominic Acerra
