Transcript:

I am in support of the CNs attempt to purchase the railroad tracks. I have had some briefing on it here recently, and I just like to say that what I been told makes a lot of sense to me and it makes a lot of sense not have trains that are gonna be blocking streets for 15, 20, 25 minutes if you could make them a little bit faster it will benefit everybody and help with the flow of traffic. I want to thank you very much.
