Date: August 28, 2008

**Comments must be submitted by September 30, 2008.**

With a child that has medical needs that at times require support from the local hospital the aquisition of the train lines & increased ~~train~~ train traffic could be life & death to my son, My son is a heart transplant recipeant.

The positive community's along these tracks will be destroyed by devalued property's, closing's of small business's and health hazards. To allow the increased train traffic with so many tax payers ~~of~~ of Illinois ~~asking~~ asking for these tracks not to be sold to a foreign company.
