To Whom It May Concern:

Is there a benefit to the town of Griffith if Canadian National is allowed to purchase the E J & E Railroad. We, as Griffith home owners, hear of no benefits.

We have a wonderful town that does not need to be sold out! Please vote in favor of towns such as ours and keep more noise, much, much more train traffic, more congestion, loss of business from destroying our town. Also, what about our health and safety? Don't turn Griffith into a Ghost Town.

Thank you, in advance, for your vote against the S T B Finance Docket # 35087.

Sincerely,

Allan Adzia
