Comments:

We need an Environmental Impact Statement because:

we are concerned that abandonment will adversely affect our neighborhood and the people who live in it. We want to preserve our historic districts and landmarks, including the embankment, and are concerned that abandonment will have negative impact on air quality, and will release contaminants and damage the nearby buildings, including the community garden. I live only 2 blocks away and am concerned about the loss of habitats for wildlife and that we have environmental justice! Please do the EIS!
