Re: U.S. Surface Transportation Board Finance Docket No. 35087

Date: 07/1/08

Dear Ms Quinlan:

I am writing in response to the proposed purchase of the EJ & E Railway by the Canadian National Railway.

I am opposed to the purchase as I am concerned about the potential noise pollution, time restrictions caused by railroad crossings, and potential spills.

I moved out to a more rural area to avoid all of these problems and am now finding myself facing the same conditions that I left when I moved from a more condensed suburb.

Thank you for your consideration,
