September 26th, 2008

Please stop the CN railroad from destroying my home and town. I live ½ mile from the tracks. If you allow this purchase I will experience the following:

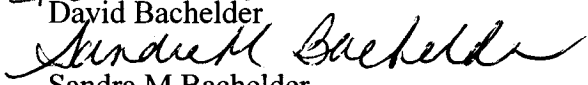

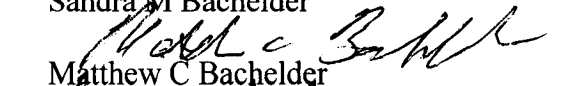

- Lack of access to the town and services
- Exposure to high noise pollution from wheel noise
- Exposure to high noise pollution from horns and bells
- Exposure to large amounts of toxic transported items
- Our schools will be cut off from the children
- Destruction of a farmland community committed to staying green

What do I want if the sale is approved?

- No horns whistles and bells from 10:00pm to 7:00am
- Trains must travel at full speed
- Trains must be limited in length
- Trains must be limited in numbers
- Trains may not have wheel noise pollution
- CN must supply a two track system

This is not a form letter. We are 4 adults who will suffer if big corporations run our country. Please listen to our request.

Sincerely,

David Bachelder
