To Those Willing to Listen;

Thank you for taking the time to read this letter. As you are reading this letter, we are in planting season on our farms - something generations of my family have done as good stewards of our land. Now that land is being threatened by GLB Railroad and Road System and eminent domain. This use of eminent domain is beyond reason. While I have the right, still, to voice my opinions; when I consider rights, what about those of unreasonable seizure. We do not even know, for it has not been disclosed, who is taking not only our land, but our heritage, if this plan goes through. The masks need to be taken off, and the players revealed!!! Please do what is right and deny this protective order. Thank you for your time.

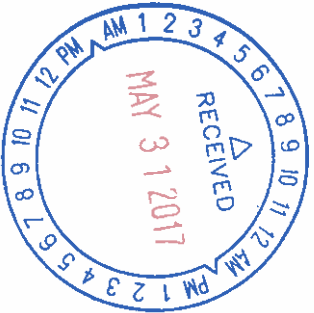

God's Blessings,

P.S. I can use the computer.
I have a Masters + Degree.
This is personal...
