Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/28/08

Comments must be submitted by September 30, 2008.

I live in B.Hills near the tracks. In my kids
(I have 4) have to cross those tracks
8 times per day just to get to school and
home from school. On certain days, I have
to get them to activities and cross the
tracks up to 14 times per day. My life
would be greatly impacted if there are
more trains. I would not be able to
get the kids from one place to another
with any increase in train traffic. They
would have to drop out of their activities
as I could not leave a 4, 6, or 7 year
old alone waiting for me to get through
traffic to get to them.

I also would have great concerns
regarding fire/ambulance ~~response~~ response time
to get to my house or wherever my kids
are. My son plays football and I have
seen kids taken off the field by ambulance.
The High School is near the tracks and
this would just be horrible for our town!!
