Cathy,

Thanks for confirming the dates. At the moment I'm expecting to be the only one from BNSF, however three people from our engineering and consulting support team are planning to be there. That will be Doug Dorsey from Hanson, Jamie Hamm from TranSystems, and Dan Hadley from Mission Engineering.

Thanks also for forwarding Richard Starzak's request for attendee information. We'll reply to that shortly so you can have us in the count.

Hi Mr. Warren,

I will add you to our list per your request.

We are having a Section 106 consulting party meeting in Lame Deer April 16-18. The dates are set and the Northern Cheyenne Tribe is hosting the meeting. Glad you intend to participate.

Anyone else from BNSF planning to attend? We are trying to get a handle on the number of participants.

-Cathy

Subject: Tongue River Railroad

Ms. Nadals,

Please add me to the distribution list for the Tongue River Railroad Section 106 conference calls. I recently joined BNSF and will be working on the TRRC project supporting environmental permitting. I understand there may be a Section 106 meeting in Lame Deer in April?

Can you let me know if the meeting in Lame Deer is certain and dates are set? I would like to make plans to attend.

Thank you,

Derin Warren
