NO to Canadian National Railway! Traffic on two of the roads affected near my house is already very congested during rush hour; and one train can add 10-15 minutes to that. Up to four times the amount of trains, and up to four times the current train length -- are they nuts??? And no, people can't take another route; it is the only way for people in our area to get to the interstate leading to Chicago. The \$40million CN pledges to spend to mitigate traffic at all the area crossings is a joke -- fixing one crossing in Aurora will cost more than double that. Do NOT allow this deal to go through!
