Subject: Finance Docket No. 35095, STB Determination of Effect for 2013 Archaeological Surveys, Port MacKenzie Telecommunication Tower Site and Reddane Connector/Alsop Haul Road, Port MacKenzie Railroad Extension Project

Dear Ms. Nadals:

The Alaska State Historic Preservation Office (AK SHPO) received your correspondence on October 25, 2013.

Following our review of the documentation provided, we concur that TYO-00276 is **not eligible** for the National Register of Historic Places (NRHP). As such, we concur that a finding of **no historic properties affected** is appropriate for the project activities located within in the APE for the Reddane Connector/Alsop Haul Road or the Port MacKenzie Telecommunication Tower Site.

As stipulated in 36 CFR 800.3, other consulting parties such as the local government and Tribes are required to be notified of the undertaking. Additional information provided by the local government, Tribes or other consulting parties may cause our office to re-evaluate our comments and recommendations. Please note that our comment letter does not end the 30-day review period provided to other consulting parties.

Should unidentified archaeological resources be discovered in the course of the project, work must be interrupted until the resources have been evaluated in terms of the National Register of Historic Places eligibility criteria (36 CFR 60.4) in consultation with our office.

Thank you for the opportunity to comment. Please contact Shina duVall at 269-8720 or shina.duvall@alaska.gov if you have any questions or if we can be of further assistance.

Sincerely,

A handwritten signature in blue ink that reads "Judith E. Bittner".
