I have family members that live in the Barrington area and I also travel through the Barrington area for work and see how much congestion there already is with traffic. I'm opposed of the CN railroad purchase of the EJ&E. I am also against the American taxpayers having to pay for the building infrastructure for this foreign company who already makes billions a year in profits.

I would be terribly hassled with an increase in train traffic as what would be the result if the CN railroad purchased the EJ&E. I think it would be a big safety concern with the high school as well as the middle school buses that travel up and down Lake Cook Rd. I feel that property values would go down tremendously and what about the impact it would make for us environmentally. I looked up the CN railroads accident reports and with them carrying hazardous materials there is great worry for all the outlined homes, schools, and businesses around the tracks. Please do not allow the CN to damage Barrington. Please fight against this acquisition of the CN railroad and not allow the American taxpayers to be forced to pay for this type of railroading by a foreign corporation.

PLEASE FIGHT AGAINST THIS!!!
