Environmental Filing FD 35116
Surface Transportation Board
395 E Street, SW
Washington, DC 20423

We, the undersigned, hereby petition the Surface Transportation Board to establish public opposition and concern regarding the negative environmental and economic impacts that would be inflicted on the Central Pennsylvania wilderness region by the construction and reactivation of the 20 miles of rail line in Clearfield and Centre Counties as proposed by R.J. Corman Railroad Company/Pennsylvania Lines in Environmental Filing FD 35116.

WE STATE OR BELIEVE:

That the petitioners are citizens of, or recreational visitors to, the affected area and that our enjoyment of our rural lifestyle or the ability to participate and enjoy the recreational activities available, such as hiking, biking, boating, ATVing, will be significantly and negatively impacted by the industrialization that this rail line will promote in this remote, wilderness region.
