Hi Natalie,

No problem. I have copied the ICF team and environmental managers at STB working on this case.

Thanks for letting us know.

Hi Cathy,

Would you be able to add some other Northern Plains Resource Council staff to your list? You can take me off the list for calls as I am leaving the organization.

Adam Haight adam@northernplains.org
 Svein Newman Svein@northernplains.org

Also add Beth Kaeding if she's not on the list Kaedingl@aol.com.

Thanks very much,
 Natalie

Hello All,

I wanted to let you know that there has been a change to the agenda. This is particularly critical to those of you intending to call in.

We have determined the need to allow time tomorrow morning for tribes to caucus. We have set aside two hours first thing in the morning for this purpose. Therefore, we will be starting the "official" portion of the meeting at 11 PM MST.

If you have any concerns or questions, please feel free to email or call me on my cell at [240-446-5086](tel:240-446-5086).

Dear Consulting Party,

I have attached an agenda for our first face-to-face Section 106 Consulting Party Meeting for the Tongue River Railroad Construction Project to be held in Lame Deer, MT, April 16 - April 18. The agenda is based on discussions I have had with Conrad Fisher, THPO for the Northern Cheyenne Tribe, and other consulting parties. The agenda is not set in stone and is subject to change depending on concerns or last minute needs expressed by the meeting participants. The meeting itself will be held in the Tribal Council Chambers on the Northern Cheyenne Reservation.

The meeting includes a field visit of the project area on the second day (April 17th). We will have limited space for the tour, thus it is paramount that you notify us ASAP if you intend to participate in the tour. This is not necessary for those of you that have already informed us of your intent to go. Rick is handling the trip logistics, so please contact him directly. Rick's contact information is shown below:

RICHARD STARZAK | Senior Architectural Historian/Technical
Director | [+1.213.312.1751](tel:+12133121751) direct | richard.starzak@icfi.com | icfi.com
ICF INTERNATIONAL | 601 West 5th Street, Suite 900, Los Angeles, CA
90071 | [+1.213.840.7480](tel:+12138407480) mobile

For those of you calling in, we will be handing out various materials at the meeting. These include: copies of the [Final Scope](#), [maps of the alternatives](#), and the draft Section 106 methodology (as attached). I urge you to go to the

[Tongue River EIS website](#) for additional project information that you may want to review prior to the meeting. The call-in (toll-free) number is: [1-877-423-6338](#); **Passcode: 364456#** .

I look forward to seeing you next week. Safe travels!
