 Message:

I'm am writing to voice my concerns and opposition to the acquisition of the Elgin, Joliet and Eastern Railroad by the Canadian National Railway. Not only is there no benefit to the community from the purchase, but the purchase will create more traffic and increase safety concerns for our children in the community. On average, four trains per day currently use the Elgin, Joliet and Eastern Railroad. It has been estimated that the Canadian National Railway will increase traffic to as many as two trains per hour. Traffic near the railway crossings is already congested due to large population increases in the surrounding communities. Increasing the railway traffic will make matters worse and will create a nightmare for commuters during rush hours.

Please consider opposing the acquisition of the Elgin, Joliet and Eastern Railroad by Canadian National Railway.

Thank You,

Cathy Malone
