Regulatory Division
2018-713

Gene Payne
CSX Transportation, Inc.
500 Water Street – J-315
Jacksonville, FL 32202

Dear Mr. Payne:

I refer to your letter, received in this office April 26, 2018. You propose to abandon an approximately 13.9-mile rail line in Trumbull County, OH.

The US Army Corps of Engineers regulates any earth moving activities within rivers, streams, or wetlands. This includes any placement of fill material, temporary or permanent. Due to the fact that your letter and location map do not clearly identify each aquatic resource, we recommend that you hire a qualified wetland consultant to evaluate the entire project area in order to determine if any jurisdictional streams or wetlands are present. Enclosed is a list of wetland consultants. If impacts to streams or wetlands are in fact proposed, you should again contact this office to discuss permitting requirements.

Your project will likely qualify for Nationwide Permit 3. Every effort should be made to avoid and minimize impacts to the aquatic resources on-site. We will continue to work with you in order to protect any aquatic resources that may be present.

This project has been assigned Department of the Army Permit Number **2018-713**. Please refer to this number in all future correspondence. If you have any questions, please contact Mike Engelhardt, 412-395-7141, or Michael.D.Engelhardt@usace.army.mil.

Sincerely,

A handwritten signature in blue ink that reads "Nancy Mullen".

Nancy Mullen
Chief, Northern Branch
Regulatory Division

Trumbull County Soil and Water Conservation District – Marcus Hollenbank

Wetland Consultant List

The following is a list of contractors for environmental and engineering services. This list is not all inclusive. This list contains only firms who have requested listing. The Corps of Engineers provides this list as a service to the public. No recommendation or guarantee of competence or experience is implied by this listing. The Corps of Engineers neither endorses nor accepts responsibility for work performed by any firm on this list. We suggest that prospective clients ask for credentials before contracting for professional services.

NOTE: The Corps is the final authority with respect to the delineation of wetland areas and other waters of the U.S., as well as the determination of activities requiring Department of the Army permits. All wetland delineations must be conducted and documented in accordance with the 1987 Wetland Delineation Manual and appropriate regional supplement. The Corps will review all jurisdictional determinations to verify their accuracy.
