Message: I am against the the CN purchase of the EJ&E line. This will place our schools and safety in harms way. The overburden of train traffic, up over 400% will cripple our crossing endangering the lives of people in our community. I am also concerned about CN's safety record in general. In 2005 the Canadian government foud 54% of CN locomotives , 50% of CN train brakes and 26% of CN crossings were defective in Canada. I have not seen any records of CN resolving these issues. For the safety of our children and next generations, please decline this transaction.
