

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date:

Comments must be submitted by September 30, 2008.

Every grade crossing, switching and capacity matter can be addressed — But it will take time, planning, & construction. It may take years to resolve but that is to be expected. Progress and freight rail efficiency should not be held up.

We should ~~have~~ "Never Fear Change, And Always encourage initiative".

CNS initiative is good for Commerce, JOBS and future planning and construction needs that will make life better for employers, shippers and citizens alike.

Approve the acquisition and get on with improving commerce for Chicago and the Nation.
