Transcript:

My comment is, I'm in total opposition of the proposal of the CN and STB. The increase in train traffic and the volume of trains will negatively impact the safety of our children and citizens of Lake Zurich. Property values, quality of life, traffic congestion, and increased frustrations will all be impacted. It is also my opinion that the train tracks which lie so very closely to the schools of Lake Zurich will be a further danger with horrific accidents just waiting to happen. This is an outrageous plan and our family and neighbors most assuredly are opposed to it. Please do not pass this proposed plan. My number for contact is 847-726-9483. Thank you very much.
