Re: Docket No. FD 35952, Great Lakes Basin Transportation, Inc.

Mr. Navecky,

I came on board as THPO for the Pokagon Band on April 4, 2016. I received a memo from your agency dated March 18, 2016. I have reviewed it and also the website associated with this project. Though, it appears, the comment period ended on July 15, 2016, I would like to firmly assert our Tribe's interest in receiving project information via US Mail and/or electronically. **Additionally, we do want to participate in government-to-government consultation.**

Much of the proposed project area lies within the traditional homelands of the Potawatomi and we are aware of historic sites and cultural resources along the proposed GLBT route that we would work to protect or mitigate any potential impacts upon. I will immediately begin reviewing any scoping documents and project information from the website. A signed consultation questionnaire (from the original March 18, 2016 packet) is attached here. I look forward to your response regarding our request and any updates you can share. I appreciate your diligence in working with the Tribe. Thank you,

Jason S Wesaw
