I wish to comment on the purchase of the EJ&E Railroad. I hoping that this does not pass. I'm protesting this as it would be a great, great detriment to our community. It would affect children going to school, emergency vehicles getting through, and also I can not understand how you can compare reducing one communities trains from 6 to 4, in comparision to increasing ours from 4 to 28, that would be more than a train every hour. It would be like living in a railroad yard. I certainly hope that good sense will prevail and that this will not pass. Thank you
