Transcript:

This is in reference to STB finance docket number 35087. The sale of this railroad to a foreign national, Canadian National in this case, it will have a devastating effect on the community we live in, the Barrington community. The EJ&E crosses, I believe, in five places within a three mile or four mile circle up to the center of Barrington. It also crosses the Metro Line going to downtown Chicago and the amount of traffic on this new track, or the track that Canadian National will have, will just tie up this town like nothing I have ever seen, and the thought of CN expecting the townships and towns involved to provide funding for the mitigation of a profit maker for them is just so anti, just so against everything I've ever heard of. Please, please do not give Canadian National approval to purchase the EJ&E. Thank you so much
