Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

This idea is dangerous and will destroy many of the benefits of living in the Barrington Community. This proposal shall be rejected outright. It will cause tremendous strain on the Barrington community for which we should not be responsible. Access to schools, hospitals and the downtown area will be significantly impacted with no cost to CN.

This merger should be rejected as it only benefits one entity - CN - A Canadian Company!!! The U.S. constituents (i.e. taxpayers) will be paying the burden and only CN benefits.

This is the worst idea ever proposed. Any politician who supports this idea should know that they will be held accountable if this occurs.

HR 6707 needs to be passed. A really unbiased study needs to be done.

YOUR INPUT IS IMPORTANT!
