My name is Ramona Inda. We live at 4548 Cork View Rd in Naperville 60564. We are concerned that there is not a public meeting in the Naperville area considering this directly affects our property values and our children's safety considering we recently moved to this area in a multimillion dollar neighborhood expecting our property values to remain as is and the safety of our children to remain as is and with this additional, potential problem we are very concerned and we would like to request that there is a meeting held in the Naperville area so that the people here can be heard versus these other areas. My phone number is 630-428-1967
