Hello, Dave.

Right now I am available all day on Wednesday, December 8th. I would like to check with Matt LaCroix with our 404 program as he has been extensively involved with the project. I believe he may not be in the office today or tomorrow, however, and I am in Seattle next Monday and Tuesday, so I will send out an electronic invite. Tentatively I propose 9 AM AK time.

Good morning, Jennifer -

I'm following up on efforts by Mike Nagy of Cardno (previously Entrix) to schedule a conference call to discuss EPA's comments on the Draft EIS for this project. I am available next Wednesday through Friday (December 8 - 10) for a conference call. Considering the 4-hour time difference between us, I propose a morning call at Alaska time.

Please let me know if your availability.

Thanks,

Dave Navecky
