Docket #:

Subject: * R.J. CORMAN RAILROAD COMPANY
First Name: * Mary
Middle Name:
Last Name: * Vollero
Address: * 137 North Spring

City: * Bellefonte
State: * PA
Zip Code: * 16823-1503
Email Address: * maryvollero@gmail.com
Group/Affiliation:

Message:

Please consider the harms to the environment and our community if the old Corman railroad were allowed to be restored for transporting garbage to the proposed landfill. This rail area has been a vital resource for the community, and is home to many birds and animals. I have walked this area any times filming the nature and lush environment. While I very supportive of rail surface for mass transport of passengers from city to city, this project would not improve our quality of life, but destroy it. Citizens of Centre County and Clearfield counties would feel the damages if the rails were opened for the landfill project. Whether the trash is moved in and dumped in our county via roads or via rails, we must not allow it. Stop this project -- preserve our environment and recreation and prevent a grave mistake from ruining the quality of life in Centre County. Thank you, Mary Vollero
