Message: As a resident of Plainfield, I am totally opposed to the acquisition of EJ&E Railroad by any other company which will result in increased rail traffic, noise, vibrations and pollution. As it is, we have a lot of noise, vibrations and traffic nuisances caused by rail traffic at all crossings. I might be less opposed if, as a resident, I have the Board's guarantee that the rail traffic will not increase and neither will the length of the trains and if, and only if, overpasses are built at each rail crossing for vehicular/pedestrian traffic and train traffic is prohibited during morning and evening rush hour. As a resident, it is most inconvenient to have cargo train traffic interfering with the flow of vehicular traffic during the morning and evening rush hour. We have paid enough for our property and pay very high property taxes to have to deal with such nuisances.
