Email Address: \* jmaison4@att.net  
Group/Affiliation:

Message:

I am writing to oppose the CN railway acquisition. This transaction is not something to be taken lightly. It interferes with the safety of all people in our communities. It will cost lives due to blocking access to hospitals and traffic emergency. This railway is just several feet from our school and backyards all along its path. Lives will be lost waiting in an ambulance for track clearing. Thousands of people live south of this track and all hospitals available are north. Children in our community are in danger both by foot and bus. As it sounds, we'll be lucky to have fifteen minutes per hour to freely cross the tracks. In addition, the rail cars will be transporting hazardous material through our communities and backyards. We know for sure that there will be a spill or derailment at some point endangering our lives! Take CN rail traffic somewhere else! We don't want it in our villages! YOUR NOT WANTED HERE!! We all live here for the quiet and quality of life; no company has the right to alter that with their increased train traffic. Where are our laws protecting us from environmental hazard and out of proportion train traffic in the middle of a family filled community?
