 Message:

As a resident of the Aurora, IL community, I am writing to oppose the addition of more train traffic to the EJ&E railway lines by the Canadian National Railway. As a densely populated area with several crossings at highly travelled roadways, the Aurora community will suffer greatly from additional rush-hour traffic, increased school bus transportation issues, and increased danger to the many school children and pedestrians who walk on sidewalks that cross the EJ&E tracks. This increased train traffic will negatively impact several similar communities along the rail lines, and I respectfully submit that the sale of EJ&E to Canadian National Railways be denied.
