Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am a father of seven children and have lived in Barrington for 15 years. The acquisition of the EJE Railroad by CN could have a catastrophic impact on my family and could potentially have a catastrophic impact on my community.

I have the misfortune of living on the other side of the tracks from the Joliet & Elgin Station. I have one daughter with a chronic illness and I don't want to see a delay in emergency response. When my children are in Middle School (I will have a Middle School Student for 10 of the next 12 years) they have no choice but to cross the EJE tracks. I am concerned about the safety and potential delays.

I respectfully ask that the STB reject the proposed acquisition. Approval of this acquisition will endanger my family, my neighbors and my entire community.
