Dear Ms. Phillis Johnson-Ball,

I have written several letters in the past about major cocerns, but now I am writing about what most people would call a minor concern, but to me it's a major one. It's about the wildlife.

I am blessed to be able to see racoons, deer, possoms, many spieces of bird, and foxes. If this deal goes through I know for a fact that I may never see any of the creatures again. This would tear a major chunck of my heart out. I love animals, but my foxes the most. Each year, they grace me, by showing their babies, and I watch each year with joy, seeing they grow and change. Sometimes they are smart little foxes, other times funny, but each of them special. Sometimes, they don't make it like Shorttail the rouge, and Runt the runt. Still, I love to see them.

Please consider the wildlife in your next report. That is my major wish. Also, if you would like to come out, and see my foxes, I'd like that very much. Thank-you.

From,
