Address	15303 Haney Rd				
Address 2					
City	South Holland	State	IL	Zip	

Transcript:

My phone number is 708-721-0435. There is a very active train line in the back of my house with multiple trains crossing it each day. Blowing their horns, making repairs you name it and that occurs there generally 24 hours a day. At one point there was supposed to be a rest time of 4 hours each night. That came and went and the various complaint to the village, the Village of South Holland and they always tell me that they are talking to someone at the train line and we've had no luck. So I am defiantely in support of whatever it is that can be done to decrease the number of train lines um that trains that occupy that line. Again as I indicated they are directly in back of my house. Should you wish to further discuss this matter I could be reached at 708-721-0435. Thank You. Goodbye.
